## Truck Drivers Out On Strike At Philadelphia

Arrangements Made For De-  
liveries To Hospitals And  
Welfare Agencies

FULLY 25,000  
OUT ON STRIKE

Minor Disturbances Occur;  
Officials Say Situation  
Is In Hand

(International News Service)  
PHILADELPHIA, Dec. 22.—At the height of the busy Christ-  
mas season, the city today was  
gripped by a general strike of  
more than 25,000 truck drivers.  
Strikers were picketing car barns  
attempting to persuade trolley men  
to join the walkout.

Disturbances Occur.  
Minor disturbances followed the  
strike call which became effective at  
11:30 last night but statements as-  
suring the public the situation was  
in hand were issued by high police  
officials.

The strike resulted directly from  
resentment of the drivers over re-  
fusal of the Philadelphia Rapid  
Transit Company to recognize an  
edict by the National Labor Board  
for settling the turbulent taxi-cab  
strike. The P. R. T. also operates  
trolley and subway lines here.

Arrangements were made by  
strike leaders to continue deliveries  
of necessities to hospitals and wel-  
fare agencies.

The strike was expected practi-  
cally to paralyze ordinary deliveries  
of food, milk, bread, coal, produce

## PA NEW OBSERVES

Workmen are applying the sec-  
ond coat of paint to the South Mill  
street bridge.

Local streams are at a higher  
stage now than they have been for  
months. The Shenandoah shows a  
stage of around seven feet at the  
Water Works, the highest it has  
been in a number of months.

Although police court generally is  
a scene of sighs and tears the spirit  
of Christmas was obvious to all who  
saw the Christmas tree in the office  
of the chief of police today. It is  
decorated beautifully.

## Dispute Halts Plan For Sharon Liquor Store

(International News Service)  
HARRISBURG, Dec. 22.—Dispute  
over proposed sites and threats of  
court action resulted in tentative  
abandonment of plans to establish  
a state liquor store in Sharon, Judge  
Robert S. Gawthrop, chairman of  
the liquor control board, said today.  
"We had considerable trouble up  
there trying to find a site which  
could be agreed upon," Judge Gaw-  
throp said, "and several days ago I  
was informed that efforts would be  
made to have the courts refuse to let  
us set up a store."

"Under those circumstances, we  
decided we would rather work with  
communities who would work with  
us and dropped plans to put a store  
in Sharon."

Judge Gawthrop said the com-  
plaints and threats of court action  
were made verbally and that he did  
not remember who the protestors  
were.

Fifteen persons can go into quar-  
ter sessions and demand a hearing on  
the selection of any site for a state  
store.

## Lions Entertain Blind Persons Of County At Annual Holiday Fete

NEW CASTLE and  
Lawrence county  
sightless men, women and children  
were entertained by their foster-  
fathers, the members  
of the New Castle Lions club,  
at dinner Thurs-  
day evening in the  
Highland U. P. church.  
Present at the  
annual Christmas  
party were close  
to 200 guests, about 40 of whom were  
totally blind. The Ladies of the  
Lions were present and took an ac-  
tive part in the party plans.

A delicious dinner, launched with  
a cold tomato juice cocktail, and  
drawing to a triumphant conclusion  
with a delicious fruit cake, was ser-  
ved at 6:30 o'clock in the church din-  
ing room.

W. O. (Red) Williams led the Lions  
in singing their 1933 Stein Song, and  
I. J. Miller led them in their "roar".  
The lady Lions and the blind guests  
echoed this number with a roar of  
laughter.

Guests Welcomed.  
Following dinner, Paul Dingley,  
"King of the Lions", welcomed the  
guests. He stated that during the  
year the club men frequently come  
in contact with each of the sightless  
persons present but only at Christ-  
mas can they have them all togeth-  
er. He stated that work with the  
blind is the primary activity of the  
Lions of New Castle and the Lions  
International.

Roy F. Conway, chairman of the  
party arrangements for the blind  
committee, was then introduced, as  
was Mrs. B. M. Rogers, president of  
the Ladies of the Lions. They, in

## Bandit Shoots Man And Wife In Robbery Effort

(Bulletin)  
(International News Service)  
ST. LOUIS, Dec. 22.—Charles J.  
Abeln, 44, president of a chain of lo-  
cal tobacco and cigar stores, and his  
wife, Mrs. Anna Abeln, 42, were shot  
to death today by a bandit who  
made a futile attempt to rob Abeln  
of more than \$2,000 in store receipts.  
Police officers attracted by gun-  
fire gave chase to the slayer who es-  
caped. Abeln fired once at his slay-  
er before he succumbed to four bul-  
let wounds.  
Mrs. Abeln, who was dead before  
she reached a hospital had been

## Mr. And Mrs. W. H. Reck Married 63 Years Ago

Sixty-three years of wedded life  
are being observed today by Mr. and  
Mrs. William H. Reck of 210 South  
Walnut street. On December 22,  
1870 they were married in Alliance,  
Ohio, and today, both in ap-  
pearance and action the years to  
which they admit.

The very fact that they have been  
married 63 years in itself is an un-  
usual thing. In the case of Mr.  
and Mrs. Reck the amazing thing  
is their extraordinary vitality.

Neither of them have more than a  
smoking of gray hair and both of  
them work at their own tasks daily.

Mr. Reck still has a spring in his  
step, works at his trade of carpen-  
ter when opportunity affords and  
today when a reporter called upon  
him and his bride he had just fin-  
ished scrubbing the front porch.

Mrs. Reck does her own housework  
and looks twenty years younger  
than her age.

"I would like to be able to ob-  
serve the 75th anniversary," said Mr.  
Reck. "We haven't many more to  
go to make that mark and we both  
are looking forward to it."

Judging from their appearance  
they should be able to reach the  
three quarter century of married life.

## Chicago Police Slay Gunmen

Three Gunmen Shot To  
Death In Battle With  
Police Officers

(International News Service)  
CHICAGO, Dec. 22.—Three gun-  
men shot dead in a fierce gun bat-  
tle with raiding police seeking the  
John Dillinger gang of escaped In-  
diana convicts today were identified  
as two fugitive bank robbery sus-  
pects and a paroled Michigan peni-  
tentiary convict.

Twenty picked police marksmen,  
members of the board of 50 organ-  
ized to capture or kill the Indian  
desperadoes laid a perfect trap at  
the Farwell avenue apartment hide-  
away where the convicts were be-  
lieved to have sought refuge.

The trio of gunmen chose to fight  
it out rather than surrender and  
were killed during the rapid ex-  
change of pistol and machine gun  
fire.

From finger print records police  
identified the slain men as Louis  
Katzwitz, 28, alias Frank Lewis;  
Charles Tilden, alias Tattlebaum,  
30, and Sam Ginsburg, 33, alias Har-  
ry Marks.

Katzwitz and Tilden escaped June  
15, 1932, from the La Salle county  
jail at Ottawa, Ill., where they were  
being held for the \$52,000 robbery  
of the Union National bank in  
Streator, Ginsburg was paroled  
from the Michigan State peniten-  
tiary in 1927.

## State Asks For Bids On Bridge At Rose Point

Will Replace Present Struc-  
ture With Steel Span Of  
Adequate Width  
At Once

CONTRACT WILL  
BE LET JANUARY 5

Will Be Constructed From  
Money Provided Under  
National Recovery Act

Announcement was made to-  
day by the state highway de-  
partment that bids will be open-  
ed for the construction of a new  
steel through truss bridge, 189  
feet in length, over the Slippery  
Rock creek at Rose Point, on

The bridge will replace the present  
structure, which is too narrow  
for the traffic which the road car-  
ries, and work will be started as  
soon as possible after the contract  
is awarded.

The specifications call for the fab-  
rication and erection of the struc-  
ture, with an approximate overall  
length of 189 feet, and the construc-  
tion of approximately 61 feet of for-  
eign borrow surfacing, 18 feet wide,  
and the grading of approximately  
100 feet of roadway in variable  
width, all being situated in Slippery

## CWA Payroll Here Is \$20,000

Large Sum To Be Paid Out  
On Saturday To County  
Workers

WILL INCREASE  
ROLLS NEXT WEEK

Pay day for the CWA employes  
in Lawrence county Saturday, De-  
cember 22, will release approximate-  
ly \$20,000 for Christmas shopping  
and ordinary household expenses, it  
was estimated today. The number  
of employes now working on CWA  
projects numbers nearly 1100 and in  
addition there are men working on  
highways and at the game farm  
who have been called as CWA em-  
ployees.

Just a month ago today the CWA  
started here. There was nothing to  
start with just the authority of the  
government. In the month that has  
gone, L. B. Round, CWA adminis-  
trator, has perfected an organiza-  
tion, has some 80 or 90 projects ap-  
proved, and has over 1000 men at  
work. This has been made possible  
by his office organization working  
day and night and speeding things  
up as fast as they could.

Mr. Round stated today that calls  
would be made for hundreds of men  
on Tuesday and Wednesday of next  
week and by the end of next week  
he has hopes of having the full  
quota for the county at work.

## Pinchot Gets Seventy-Five Bills To Sign

Dramatic Special Session  
Draws To Close And  
Governor Is Handed

THIRTY DAYS IN  
WHICH TO ACT

Pinchot Won Victory On  
Liquor And Social Bills;  
Disappointed Over  
PSC Action

By G. EVERETT DOYING  
International News Service Staff  
Correspondent

HARRISBURG, Dec. 22.—Seventy-five bills were piled up  
on Gov. Gifford Pinchot's desk  
during the extraordinary special ses-  
sion were re-appointed to office  
by Gov. Gifford Pinchot to-  
day.

Together with ten measures al-  
ready made law, these 75 bills are  
the only survivors of the legisla-  
ture's weeding out process from a  
mass of 323 proposed statutes in-  
troduced in either senate or house  
during the six weeks the session  
lived.

Governor Pinchot has 30 days to  
sign or veto all of the measures. At  
the expiration of that time any  
bills on his desk which have not  
been acted upon automatically be-  
come laws.

Financial Problem.  
Financial perplexities face the  
chief executive when he considers  
the measures. As the balance sheet  
for the legislature now stands \$35,-  
500,053 more has been distributed  
than the total estimates of incom-  
ing revenue.

The general assembly approved  
appropriation bills totaling \$135,-  
000,053 while the total estimated  
revenue is \$100,500,000, leaving an  
excess appropriation of \$35,500,053.  
Although he cannot increase appro-  
priations the governor may reduce  
or veto all such bills.

A survey of the legislature's ac-  
complishments shows that much of  
the chief executive's program was  
turned down.

the big red and black seaplane in  
which Col. and Mrs. Charles A.

It will be installed as the focal

The plane is the same in which the  
Lindberghs made their flight to  
the Orient two years ago, later es-  
tablishing a trans-continental speed  
record of 14 hours, 55 minutes and  
32 seconds, and this year used on  
their long flight inspecting trans-  
oceanic air routes and air bases.

F. Truhee Davidson, president of  
the museum, said the gift was "as  
unexpected as it was valuable and

Silver Action

SILVER BOOSTERS

Believe Step Taken By Pres-

By EDWARD B. LOCKETT

WASHINGTON, Dec. 22.—Renewed demands for in-  
flation today greeted Presi-  
dent Roosevelt's action in  
embarking this nation upon a  
program of silver purchase and  
coinage which automati-  
cally raised the price of the  
metal more than twenty  
cents an ounce.

Congressional opinion differed  
sharply upon the efficacy of the  
silver program, which the president  
specifically stated he expected to  
stabilize domestic prices, but nearly  
every leader said the move did not  
go far enough.

Senator Borah (R) of Idaho, was  
blunt in his comment. He said:  
"Insofar as it goes, the step was  
a welcome one, but it doesn't solve  
the problem of restoration of silver  
by a great deal."

Others, including Rep. Cummings  
(D) of Colorado and a member of  
the silver bloc in the house appar-  
ed to agree with Borah in substance.

Step In Right Direction.  
"I am still for 16 to 1," Cummings  
said. "The president's confirmation  
is a step in the right direction."

Senator Dickinson (R) of Iowa,  
remarked:  
"It will create an impetus in the  
silver market, but I do not think it

# FRANCE CAPITULATES TO U.S. DEMANDS

## Results Follow Threat On Wine

Double Dealing Move Of France Halted By The United States

MORE U. S. FRUIT WILL BE TAKEN

Additional Wine Will Be Imported To U. S. By New Agreement

By KINGSBURY SMITH  
International News Service Staff Correspondent

WASHINGTON, Dec. 22.—Following the threat of this government to cut off the entire flow of French wine into this country, France today had quickly capitulated to the demands of the American negotiators that definite assurance be given concerning more favorable treatment for American fruit products.

France gave written assurances it would take approximately 1,000,000 bushels of American apples and pears between Jan. 1 and March 31 next in return for permission to export approximately 784,000 gallons of wines and other liquors here during the same period.

Larger Quota

The one million bushels of apples and pears represents four times the present French quota on those products while the wine concession represents about double the original quota granted France, and which is now exhausted.

France agreed to take the 1,000,000 bushels of apples and pears regardless of what duties may be imposed upon them.

This was insisted upon by the American negotiators following what they regarded as double dealing by the French.

The French attempt to outsmart the American negotiators was in connection with a previous agreement reached on an increase in the French wine quota in return for a larger quota on American apples and pears.

Double Dealing

After an understanding had been reached and the increased quotas were about to become effective word leaked out in Paris that the French intended, after the new quotas were fixed, to impose an additional duty on American fruit products which would tend to nullify the benefits of the increased quota.

The French were asked for an explanation. They explained the additional duties had been decided upon sometime ago, affected all countries and it would be difficult to change them in favor of the United States alone.

France still dickered but when the federal alcohol control administration announced the French wine quota was exhausted and the state department let it be known no more permits would be issued until the matter was settled, the French quickly decided to give assurances they would take the fruit regardless of whether their own importers could sell it profitably or not.

will satisfy the outspoken advocates of renunciation of silver." President Roosevelt's action marked this nation's adherence to the first international monetary agreement.

India has already ratified the pact, and will limit silver sales for the next four years to 35,000,000 ounces annually. China, whose representatives at London agreed to the pact, but which has not yet formally ratified, will sell no silver for four years. Spain, another producing country, will limit sales to 5,000,000 ounces during that period.

Accomplishment of the silver agreement will bring at the end of the four year period, effective operation by 66 nations which signed at London, or a plan for permanently improving silver as a coin. Proposed by Senator Key Pittman (D) of Nevada, and leader of the senate silver bloc, and signed by 66 nations conditioned upon ratification of silver sales limitations for four years among eight nations, the agreement provides at the end of that time:

- Agreement Provides.
1. Abandonment of the policy of melting up or debasing silver coins.
  2. Replacement of low value paper currency with silver.
  3. Prohibition of legislation that will depreciate the value of silver.
- The silver move was accepted here as an integral part of the monetary policy upon which Mr. Roosevelt embarked when he started first, to buy domestic newly mined gold at a price appreciably above the market and; later, to buy gold on the markets of the world. It came, significantly, on the heels of announcement by the reconstruction finance corporation that it has allocated \$25,000,000 additional to its gold purchase fund, bringing the total to \$100,000,000.

Its significance, aside from that of artificially running up the price of silver, was expected to lie in the international trade field. The action automatically made more valuable the coin of China, India, Mexico, South America and a host of other nations, thus increasing the buying power of those countries.

Actually, the silver program constitutes inflation in only a mild degree. The government will gain bullion silver in the amount of one half that brought to the mints to be coined. That silver may then be placed behind currency. Under the program as outlined by the president, this would appreciate the treasury's funds something over \$30,000,000 annually, on the basis of \$129 an ounce for silver.

Dollar Controlled By Gold.

LONDON, Dec. 22.—Despite the launching of President Roosevelt's silver purchasing and coinage program, London bullion dealers today expressed the belief the international value of the dollar still will be controlled by the daily gold price.

The larger effects of the Roosevelt proclamation, however, such as increased commodity prices, were not expected to develop until later.

the senate for not taking action on the nominees and served notice "the fight is not over." Throughout the recent session, he made numerous demands for action and blamed delay on Edward Martin, Republican state chairman.

In the closing stages of the session, the governor's forces in the upper branch were defeated in an attempt to discharge the executive nominations committee from further consideration of the name of P. S. Stahlholder. The severe defeat dimmed hopes of this move causing the chief executive to abandon plans to force the names of the four other appointees to the floor for confirmation or rejection.

The re-appointments were made today under a supreme court ruling in the King case. The court ruled all terms expire when a general assembly adjourns without confirming or rejecting the commissioners.

Get the chimney cleaned out! Lift the ashes from the hearth! Give the old boy a chance for he's on the way from the frozen north, loaded with things for good boys and girls. and provisions. Railway express drivers and teamsters also were involved.

Vote For Strike.

A strike council, representing nine transportation workers unions with a membership of more than 4,000, voted for the strike at a meeting last night despite a plea from the National Labor Board at Washington that no walkout be called. The National Labor Board warned a strike call would be detrimental to efforts to enforce its decision in the P. R. T. case.

The strike call was delayed for an hour after Dr. William M. Leiserson, executive secretary of the National Labor Board, made a personal plea to the strike council not to "ruin" its cause by calling a sympathy walkout.

No Alternative.

A statement issued by the strike committee of Council No. 39 of the Brotherhood of Teamsters, chauffeurs, stablemen and helpers, said in part:

"The strike is in defense of the NRA. As things now stand, as a result of the Edward G. Budd Company and the P. R. T. action in defying the National Labor Board, organized labor has no other alternative."

This project involves "national recovery highway funds", and the attention of bidders is directed to the special provisions in the proposal covering the use of domestic materials and subcontracting or assigning the contract.

This means that the labor as far as possible will be from Lawrence county. The employment service or agency will be the state employment office, 202 Johnson building, New Castle.

The minimum wages prescribed for bidders are 40 cents for unskilled labor and from 45 to 75 cents for skilled labor, depending on classifications.

This will provide additional employment for many Lawrence county men. A number of local citizens have used their influence to secure this project, and will be gratified to learn that it will soon be an accomplished fact.

## LIONS ENTERTAIN BLIND PERSONS AT HOLIDAY FETE

(Continued From Page One)

their committees responsible for the party arrangements. Mr. Conway introduced Earl Ramsey, chairman of the blind committee; Joseph Leyde, Dr. R. G. Campbell and Dr. T. M. Shaffer. On the women's committee were Mrs. Thomas Elliott, chairman; Mrs. Ezra Marvin, Mrs. Donald Wilson, Mrs. A. H. Borland and Mrs. Paul Pattison.

Official Is Present.

A distinguished guest of the occasion, Harry Conley, district governor of district 14 B, Lions International, whose headquarters are in Pittsburgh, was presented to the gathering and offered a few words of greeting and commendation to the dinner hosts, hostesses and their guests from the county of Lawrence. District Governor Conley stated that it was his first experience of attending such a gathering and that he was highly pleased with the work of the New Castle organization.

Mrs. S. D. Pearson, president of the Lawrence County Federation of Women's clubs, was also present.

Except for an excellent address by Rev. D. L. Ferguson, pastor of the Highland church, a member of the Lions, the best of the program was presented by the blind guests. He stated that sightless folks were usually of cheerful disposition, mainly because they have discovered that happiness comes from within, and is the result of right attitude of mind and heart, rather than of material pleasures.

Mrs. Frank Gaston made an announcement that the blind amendment which received a statewide vote of 3 to 1 in its favor, is now out of the hands of the legislature and will probably be signed this week by the governor. The bill provides \$30 a month to all blind persons in the state who are 21 years of age or over. The pension will go to those who are without 50 per cent or more of their vision. They must be residents of the state for at least 10 years before being eligible.

Voices Appreciation.

Miss Mary Moorhead assured the Lions, on the part of the sightless guests, that the party, as well as their continual help during the year, is deeply appreciated. She offered a poem, which appeared recently in one of the Braille magazines.

Mrs. Gaston arose and made a motion in behalf of the blind, that the Lions club be given a hearty vote of thanks.

Gifts were then distributed by Mrs. Thomas Elliott and the evening drew to a conclusion.

To Prof. John L. Patton and a group of young musicians goes the credit for all the intermission music of the evening. The musicians were Benjamin Franklin junior high school students and their contribution to the was highly appreciated. Blind people present included the following:

- Marty Aiello, 425 Friendship.

## Dr. Anna Jack Returns From South

Physician Returns From Missionary Work Among The Mountaineers Of Tennessee

Dr. Ann Jack, East Washington street, has returned from several months at Shelton, Tenn., where she supervised a mission school ministered to the sick, conducted industrial classes and aided the people of the community in earning money for their support.

For several months at a time Dr. Jack leaves her home here and goes to Tennessee where she does missionary work among the mountaineers.

In addition to buying a plot of ground for the people in the neighborhood to farm, Dr. Jack paid them from her own purse for the time they worked.

Each day she hired about ten men to work on a farm plot, and for a half hour each day she conducted a Bible class for them.

She is much gratified with the work there, as she says it has been an opportunity for the men to earn money and a training in discipline.

Dr. Jack will remain here until the first of March, when she will again return to Tennessee.

As this is the season of fruit pie, tie a piece of muslin about one and one half inches wide around the pie tin. This will keep the juice from running out of the pie.

## Troop Is Making Preparations For Annual Inspection

Federal Officer Will Be Here January 2 To Inspect Troop And Equipment

With only a little more than a week left in which to make preparations for the annual Federal inspection, members of Troop F will be kept busy at their drill period this evening, getting ready for the coming event.

There will be little drill from now until the first of the year, but the boys will find plenty to do, cleaning their equipment and getting everything spic and span for the visit of Major L. W. Fog, the inspecting officer.

This is the earliest that Troop F has had to go through the Federal ordeal in many years. The orders for preparation were only received last week, giving but little time to make ready for the inspection.

Correct This Sentence: "I like the taste of a good cocktail," said the man, "but the effect of alcohol means nothing at all to me."

Pity the poor crooks. They're obliged to seek new rackets and quite a few, we hear, have even been reduced to the desperate extremity of turning honest.

## AROUND CITY HALL

Several persons have been caught shoplifting, according to City Hall reports, and in cases where women or girls are concerned Mrs. Minnie McKibben, the police matron, plays a role.

So far the persons have been "first timers," yet they received punishment. One of the ways of checking shoplifters, she said, has been to have them "buy the stolen goods and pay so much per week."

Patrolman Budd Fleeger knows one of his duties. He made this quite clear when he reported a bad condition in a sidewalk to his superior officers. The condition was in turn reported to Inspector Mosely, who said that where sidewalks are dangerous, property owners have been instructed to remove the menace.

Many of the prisoners who faced Mayor Mayne in police court are on the relief rolls, but somehow or other have been able to secure all the liquor needed to put them in an intoxicated condition. Scarcely a defendant comes before him until the mayor puts the question: "Are you drawing relief?"

There was a time, say 15 years ago, when the lower first ward was commonly called "The Bad Lands." Nowadays, judging from police court affairs, it is a paradise. It is not often police have serious trouble there. Most of the trouble is in the Moravia street section.

This may not belong in this column, but it will not do any harm to include it with some City Hall stuff, as the lad has been in police court. He has a clean slate now. He says there is no profit in bootlegging. "You cannot make much on fifty cents-a-pint liquor. What you make in money you lose in peace of mind. Whenever a knock comes to the door you peek to see if the knock is by a customer or a policeman. What I want is a job," said the man.

Talking about shadows that pass in the park, recalls two who tried to turn phantom several nights ago, and not having the faculty of becoming invisible, landed in a police car, mayor's court, and received a few words of friendly advice from Mayor Mayne.

The two youths, colored, had whiled away their hours at a "club" and did not start home until the roosters started to crow. A police car filled with officers, in search of alleged burglars, hove into East Falls street.

The youths saw the police car and tried to pass themselves off as two streaks of speed. The police noticed them running and gave the car the gas. Knowing alleyways as well as the lads, the boys were soon bundled into the "wagon."

They told the mayor a straight-forward story and he advised them: "When you are not guilty of anything, do not run. By running you excite suspicion," after which they were discharged.

Two of the present members of city council would look with favor on the acquisition by the city of the present postoffice as a city building, they stated yesterday afternoon when their positions were asked. They are Councilmen Genkinger and Hoyland. The former said there is too much waste room in the present building and that there could be made a mezzanine floor with offices on the second floor of the postoffice. He said the jail, which is only a 24 hours home for prisoners, could be made in the post-office.

Some of the present members of council do not see how they can operate the city on less than the sum appropriated for the city for 1933, when the budget was fixed at \$406,276.00. One of them intimated that it might possibly happen that it would be necessary to raise the millage, as the assessed valuation has dropped off about seven million dollars. The police, fire, garbage and streets departments need new equipment, and according to several of the present members of council, they do not see, at this time, where taxes can be cut.

The citizens perhaps cannot see very much that has been accomplished by the present council, but considerable has been done, according to Director of Parks and Buildings Genkinger. He said that at one time an engineer estimated it would cost \$60,000 to build a wall along the Croton avenue side of the Neshaunock creek. Genkinger pointed out that during the depression the wall was built, Jameson Memorial Park graded off, Gaston Park improved and Laurel boulevard made into a most pleasant appearing place. The money came from the mayor's relief committee and some more allocated for park purposes. The workers received food in lieu of money.

very real insofar as the individuals are concerned, since, in the one case there is a sense of dependence on charity and in the other a feeling of earning a return for useful labor. But insofar as the source of funds is concerned there is no marked difference: the money to pay for those employed on civil works—and for those on the relief rolls comes alike and entirely from the United States Treasury, which means from the taxpayers of the nation."

## American Pair Plan To Fight Spying Charges

Robert Gordon Switz And  
Young Wife Held In  
France Result Of A  
Sensational Case

### PARIS LAWYER TO TAKE UP DEFENSE

By WILLIAM PARKER  
International News Service Staff  
Correspondent

PARIS, Dec. 22—Robert Gordon Switz, youthful American jailed in France's international spy case, misrepresents himself to French aviation authorities during the recent visit of Col. and Mrs. Charles Lindbergh to Paris, the newspaper Midi asserted today.

Taking advantage of the Lindbergh's popularity here and of the fact Col. Lindbergh was investigating transatlantic air routes, Switz, according to the newspaper, obtained valuable French aviation secrets by pretending he was just as interested as Col. Lindbergh in the possibilities of ocean flying.

Switz, holder of pilot's licenses for both the United States and France and known among the spy suspects, according to police, as "the aviator," had little difficulty in convincing French air officials of his sincerity, the paper stated.

#### Map Out Defense.

Switz and his young wife, a former Vassar student, began mapping a defense against the spy charges, of which they declared they were innocent, being victims of a mistake.

Charles Moysse, Paris lawyer the couple selected to defend them, was scheduled to visit them at Sante prison and go over their cases.

Although the American consulate and the American embassy, under instructions from Washington, stood ready to aid the Americans in any way possible, the two had sought no aid whatever from United States authorities. This fact aroused some speculation in the French press.

#### Preliminary Hearing.

On Saturday afternoon the Switzes will appear before Magistrate Benon for questioning in their first court appearance. This preliminary hearing was to be the chief subject of their conference today with their attorney.

On the basis of developments at this hearing, and perhaps after a visit to the Switzes' apartment, the magistrate will decide whether the couple will be held for trial.

#### EDUCATED CATS

##### WALK THE ROPE

(International News Service)  
KANSAS CITY, Mo.—During their spare moments in the last seven years, Mr. and Mrs. H. J. Oeltgen, have raised and trained ten blue-blood cats and boosted their

values from \$5,000 to approximately \$20,000. A dog, Sport, owned by the same couple, is insured for \$5,000.

The cats have a special diet, have their teeth cleaned and their fur combed daily. They ranged in age from 5 to 11 years, and weigh from 8 to 16 pounds.

They perform many tricks, from walking on their hind legs to walking a six foot tight rope. One of the felines, called Barney, is able to negotiate the full length of the tight rope suspended by his four legs.

## France-Britain Reject Plans By Italian Premier

(International News Service)

PARIS, Dec. 22—Great Britain and France today decided jointly to reject Premier Benito Mussolini's plans for reviving disarmament conversations outside the League of Nations.

In a joint communique issued after a luncheon conference here leading French and British spokesmen reaffirmed their belief that disarmament must continue under Geneva auspices.

"The ministers," the communique read, "principally examined the perspectives of an agreement with a view to renewal of the work of the disarmament conference."

"They recognized the importance of maintaining intact the authority of the League of Nations."

## Indians Removed To Washington, D. C. Federal Hospital

(International News Service)

WASHINGTON, Dec. 22—Following federal court action at the instance of Secretary of Interior Ickes, 69 Indians who were confined in an asylum at Canton, S. D., under alleged intolerable conditions, have been brought here for treatment in the government hospital.

At the same time action was started to return more than a score of the Indians to their homes after they had been released from the Canton institution where, it was charged, they were being held without cause.

### GRANT FOREST VETS HOLIDAY FURLONGS

(International News Service)

### OLD ABANDONED WELL FORECASTS WEATHER

(International News Service)

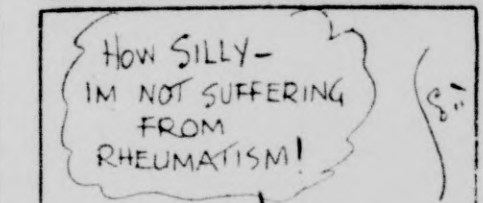

SEATTLE, Wash.—Whenever E. N. Sears, of Seattle, wants to learn the weather forecast he walks down a path in his yard to an abandoned well.

If the well says "Whesh" it means rain. If it says "Whoo", fair weather is due.

It never fails, avers Sears. Air suction in the well shaft produces the "talking" well.

One million market-page articles of 1933 boiled down to ten words: "Stocks will go up tomorrow if they don't go down."

# Special Session Of Legislature Ended

Governor Pinchot Triumphs With Liquor And Social Bills In Short Session

PSC Appointments Are Still Blocked, May Call Another Session In January

International News Service Staff Correspondent

HARRISBURG, Dec. 22.—The "short, inexpensive" extraordinary session of Pennsylvania's General Assembly, as requested by Gov. Gifford Pinchot, came to a conclusion Thursday afternoon.

Curtains dropped on the final act in the senate at 2:20 p. m. The house adjourned at 2:21 p. m.

For the first time in years, and perhaps in the history of Pennsylvania, she die adjournment took place while the governor was absent from the capitol.

Under an arrangement, declared constitutional by Attorney General William A. Schnader, he was notified at a New York hospital by long distance telephone. The message was conveyed by Senator John G. Hunsicker.

The fall of the gavel marked the end of the six-week session and brought joy to legislators as they departed to spend Christmas with their families.

**Speedy Action**  
The general cry for speedy action on all bills was partially fulfilled during the six-week period but several subjects included in the governor's proclamation were ignored by the legislators. Politics taboos prior to the session by both Governor Pinchot and Edward Martin, Republican state chairman, was conspicuous by its absence during

the enactment of liquor legislation but crept into the halls during the final stages.

Although defeated in his major play—confirmation of his five appointees to the public service commission—Governor Pinchot gained at least a moral victory from the session. The Republican opposition grabbed complete victory on the commission battle. It repulsed the chief executive in his attempt to discharge the senate committee holding names of the nominees. Failure of the senate to confirm or reject the commissioners forces the chief executive to either rename them or make new appointments.

**Pinchot Scores**  
The governor's biggest triumph was scored on liquor and social legislation.

The general assembly, with a few changes, carried out the chief executive's ideas by thrusting the commonwealth into the liquor business through the establishment of state stores. The opposition also surrendered to at least part of his social and labor program. The most important of this was passage Thursday of two resolutions ratifying the federal child labor amendment.

In this battle against regular Republicans, the governor was aided by independents and virtually the solid block of Democrats.

Opponents of old age pensions also surrendered to his dictates. In sharp contrast to the manner in which they dealt with pension legislation during the regular 1933 session, legislators gave overwhelming approval to two old age assistance bills.

**Wealth Of Bills**  
Attempts to put over bills providing minimum wages for women and children were blocked by the senate. The legislature as a whole ignored the governor's recommendations on highways, utilities, trucks, company-paid deputy sheriffs, and sweatshops.

Before departing, however, the lawmakers did bury the chief executive's desk under a wealth of bills.

included in the group were measures pertaining to milk, banking, elections, workmen's compensation, schools, recovery, public works, and relief.

**Fight Not Over**  
Drama entered the closing stages of the session. Governor Pinchot, who takes great joy in battling toe to toe with his political enemies, was removed from the activities when seized with an attack of sningles—a nervous ailment. He went to a New York hospital and attempted to direct the work of his forces by long distance telephone from his sickbed.

His reply to the great administrator by the organization to his effort to get confirmation of five public service commissioners caused politicians to speculate. The governor remarked:

"The fight is not over."  
Maybe another special session will be called before he leaves the executive chair in January, 1935.

## Protest Plan To Build Wall

DuShane Street Property Owners Against Proposal To Erect Wall at Stadium

When members of council met today in city hall a petition from DuShane street property owners was submitted, in which the property owners said that should the school board erect an eight foot wall around Taggart stadium at Division and DuShane streets, it would depreciate the value of their properties. They also claimed it would mar the appearance of the school property and give the Ben Franklin junior high school a "prison like appearance."

The petition said the wall was proposed as a means of keeping idle spectators from viewing football without paying. The petitioners said their protest was not based on this but rather on what injury it would cause to their properties.

Under the zoning laws, it is reported, only a five foot wall can be erected. No permit to construct such a wall has yet been issued by city attaches, a councilman reported.

## Take Legal Steps To Start Projects

Council met in city hall today and reported favorably from committee two ordinances which were sent to the printer, pending final passage. When enacted into ordinance they will result in improvements by the CWA.

The bill calls for the relocating and establishing of a road from Neshamock boulevard to the city line. The measure provided for the opening, appropriation, condemnation and purchase of land for the improvement of the road by the Oak Park cemetery.

The other provides for the localizing opening and extension of Butler avenue between East Washington street and Cunningham avenue. It further provides for the grading establishing, opening, appropriation, condemnation and provides for purchase of land.

**Sheriff's Office Filled With Gas**

Who exploded a tear gas bomb in the sheriff's office? That is a mystery which is engaging the attention of officials. When the sheriff and deputies entered the office this morning they were forced to make a hasty retreat. Finally, windows were opened, and in about an hour the office was habitable, but the sheriff and deputies were forced to shed a few ounces of mucus (tears). It is believed that the gas attack was a hoax, but somehow the officials fail to appreciate it.

Warren Van Dyke, Democratic state chairman, observed:  
"There is great rejoicing today in the seats of Pennsylvania's mighty. It will be a Merry Christmas for the Mellons, the Grundys, the Atterburys, the utility racketeers and the Pennsylvania Chamber of Commerce. But it will not be a happy new year."

## Mystery Car, Marks Show, Almost Hit Watson Home

The track marks are there—and that's as far as the story goes! At the home of John M. Watson, situated at the corner of Highland and Lincoln Aves. evidence was to be found this morning that a mystery car almost careened into its front porch sometime during the night—when and how it all happened was puzzling the Watson household today.  
Deep in the soft front lawn were the tracks of an auto which, from all appearances, hopped the Lincoln avenue curb and continued up toward the large porch that faces Highland avenue. The tracks stopped where a small tree stands.  
"You know, about 11 o'clock last night we heard a peculiar noise" said Mr. Watson this morning, "but I thought it was someone attempting to get into the house. I went to the rear door and investigated, but found nothing. It may have been the car outside at the time." Police reports didn't reveal any trouble there.  
That the machine was traveling at high speed is evidenced by the tire marks near the curb. It appears as if the car hopped for several feet in the air as it went over the curb.

## TWO CARS FIGURE IN MINOR ACCIDENT

Reports to city police Thursday were to the effect that the automobiles of John Britton, 409 North Mill street and Charles Robinson collided in North Mercer street, near North street. Robinson was steering from the curb where he had been parked and Britton was driving south when the accident occurred. No one was injured.  
Historians will probably describe Repeal Day as "the day on which the Union seceded from North and South Carolina."

## SEND EFFITT TO JAIL FOR 30 DAYS

Dan Effitt, a police character who has been residing in a coke oven, was given 30 days in the Lawrence county jail today. According to the police court story he is suspected of having attempted to remove chickens from the Book yard, in the Paper Mill section.  
That sport writer's statement, "Fifteen per cent of Americans play golf" should be revised to read "Fifteen per cent of golfers play golf."

## Small Boy Hit By Automobile

## Showdown Near On Liquor Tax

Strong Faction In Congress  
Will Urge Adoption Of  
\$1.65 Per Gallon Tax

### PLAN TO SHARE ALL TAX WITH STATES

By WILLIAM S. NEAL  
International News Service Staff  
Correspondent

WASHINGTON, Dec. 22.—The bat-  
tle between rackets of high and low  
taxes on hard liquor neared a show-  
down today as the house ways and  
means committee began preparation  
of a new liquor tax bill.

In the face of demands by dry  
members of the committee for a  
heavy levy, a strong faction urged  
a federal tax of not over \$1.65 a  
gallon to aid in the war on the  
bootlegger.

With the treasury in need of tax-  
es, the committee was to consider  
the elimination of all additional  
features from the measure and con-  
fine it solely to the question of a  
federal tax.

The demand of representatives of  
dry states to a share of the liquor  
tax under the state sharing plan  
urged by President Roosevelt may  
force abandonment of the effort to  
establish the new basis of taxation.

Share With States  
The proposal to grant the states  
20 to 25 per cent of the tax was  
made by the president's interdepart-  
mental committee on condition that  
states which have already imposed  
gallonage taxes abandon them and  
leave the liquor exercise for the gov-  
ernment.

The interdepartmental committee  
proposed that the funds be shared  
on the basis of consumption and  
production, pointing out that dry  
states did not have authority to  
levy gallonage taxes. Despite this  
argument, senator and representa-  
tives of some dry states have served  
notice they will demand a slice  
of the proposed \$50,000,000.

## Pennsylvania Is Fast Putting Men To Work On Roads

Use Up Federal Allotment  
Faster Than Other States  
In Union

By ARTHUR C. WIMER  
Special Washington Correspondent,  
New Castle News

WASHINGTON, D. C., Dec. 22.—  
Pennsylvania is using her public  
works highway funds to put men to  
work with more rapidly than the  
nation generally or the vast ma-  
jority of the states.

Pennsylvania's share of the road  
money totals \$18,891,004. Up to De-  
cember 16, the state had awarded  
highway contracts calling for \$12,-  
207,000 of this, or 64.6 per cent of  
the apportionment, the American  
Association of Highway Officials re-  
ported today.

The nation as a unit, on the other  
hand, had contracted for only 47.84  
per cent of public works road money  
up to the 16th of the month. Only  
eight states led Pennsylvania in per-  
centages of apportionments called  
for by contracts awarded.

In Ohio, only 55.5 per cent of the  
state's allotment had been contract-  
ed for. In West Virginia, road con-  
tracts awarded called for 50.5 per  
cent of the state apportionment.

# SILVER AGREEMENT EXPECTED TO BOOST TRADE

## Ratify London Silver Agreement

Trade Conditions With China And India Will Be Improved

TO SPUR MINING IN UNITED STATES

(International News Service)  
WASHINGTON, Dec. 22.—Early improvement of foreign trade was expected today as the result of President Roosevelt's proclamation ratifying the London silver agreement providing for limited production of the metal and its increased use as a medium of exchange.

As a result of Mr. Roosevelt's action the price of silver newly mined in the United States is fixed at 64.5 cents per ounce, or 21.5 cents above the price quoted for bar silver at New York at the close of yesterday's market.

The decrease, it was pointed out, will tend immediately to provide trade conditions with China and India, two of the world's largest users of silver currency.

To Purchase Silver.

Under the presidential order the government agrees to purchase newly mined domestic silver at the rate of 24,000,000 ounces annually, until 1937, the greater portion of the American output. The ratio of 16 to 1 is to be maintained. Before the proclamation the government was

paying \$1.29 per fine ounce of silver, a price which virtually strangled the domestic market.

In announcing ratification of the London silver pact, written largely by Senator Key Pittman (D) of Nevada, the president observed that "66 governments unanimously adopted the silver resolution proposed by our government, providing in substance that these governments will refrain from the policy and practice of melting and debasing silver coins, and that they would not enact legislation that would depreciate the value of silver in the world market."

The president's announcement, Pittman said, will be followed by similar action by Australia, Canada, Mexico and Peru, greatest silver producers of the world.

To Coin Silver.

The proclamation, the president said, "opens our mints to the coinage of standard silver dollars from silver hereafter produced in the United States or its possessions, subject to depositors to the government one-half of its seigniorage and to cover all usual charges and expenses. The dollars coined from half such newly mined silver will be returned to the depositor. The half surrendered to the government will be retained in the treasury."

Besides improving foreign trade conditions the president's action is designed to boost commodity prices at home and to give much needed impetus to mining activities in this country. Silver, it was pointed out, is a by-product in mines which produce as their chief product, zinc, copper and lead. With silver now offering a means for profit, it was observed, many of the other metal industries will begin production. Eighty per cent of the silver produced in this country, according to Senator Pittman, is mined and re-

fining in mines where the chief deposit is copper, lead or zinc.

Mr. Roosevelt's proclamation points out that China agrees "not to dispose of any silver derived from the melting up or debasement of silver coins, and India agrees not to dispose of over 35,000,000 ounces of silver per annum during a period of four years commencing Jan. 1, 1934, and Spain agreed not to dispose of over 5,000,000 ounces of silver annually during the same period."

China, India, Spain and the United States are holders and users of much silver, while Mexico, Australia, Canada, Peru and the United States are the world's largest producers.

## Secretary Lewis Gives Inside On Chapman's Case

Highway Head Acted Only On Instructions From Mrs. Gifford Pinchot

(International News Service)  
HARRISBURG, Dec. 22.—Highway employees are neither fired nor hired by Samuel S. Lewis, department secretary, without approval of Gov. Gifford Pinchot.

This frank admission was contained today in the records of the joint legislative committee investigating charges that Frank G. Chapman was dismissed as superintendent of highways in Warren county because his brother, Senator Leroy Chapman, voted against discharging the senate committee holding the name of Public Service Commissioner P. S. Stahlnecker.

Lewis admitted he discharged Chapman after receiving a memorandum from his secretary that an attaché of the governor's office telephoned the dismissal instructions.

"I considered that notification of the voice of the governor and acted accordingly," the highway secretary remarked. Lewis regarded Chapman as "just an average employee" whose work had not been "of the best."

Substitute Governor.

Senator Chapman testified he was told by a "substitute governor" he could look for consequences if he did not vote for discharging the nominations committee. The veiled warning came from a person sitting in the governor's chair, he said.

Referring to the "substitute governor," the senator remarked: "I received a notice from Mrs. I'll not mention any names."

Colleagues of the senator said the "substitute governor" was Mrs. Cornelia Bryce Pinchot, wife of the governor.

## Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

**FERTILIZER IN CORN ROW BETTER THAN BROADCAST**  
Broadcasting fertilizer over the corn rows is a common practice, but it is not the best method. The fertilizer is scattered over the entire field, and much of it is lost to the wind or washed away by rain. The best method is to apply the fertilizer in the corn rows. This method ensures that the fertilizer goes directly to the roots of the plants, and it is not lost to the wind or washed away by rain.

**PRUNING OF GRAPES IS OLD VINEYARD PRACTICE**  
Grape pruning is an old practice, but it is still one of the most important in vineyard management. The practice involves removing the old wood and the weak canes, and leaving the strong canes to produce the next year's crop. The practice is done in the late autumn or early winter, before the vines go to sleep.

**REDUCE COWS AND MILK AND INCREASE RETURNS**  
The dairy farmer should be interested in the question of reducing the number of cows and increasing the returns. This can be done by selecting the best cows and culling the poor ones. The best cows are those that produce the most milk of the highest quality. The poor cows are those that produce little milk of poor quality. By culling the poor cows, the farmer can increase the returns from his dairy.

**Lucky Pieces Aid Kiddles in Home**  
The National Home Board is a national organization that is dedicated to the care of the mentally ill. The board is made up of representatives from all over the country, and it works to improve the lives of the mentally ill by providing them with the best possible care. The board is also responsible for the National Home, which is a large institution that provides care for the mentally ill.

## Ruth To Play One More Year With Yankees

Colonel Ruppert Will Probably Give Ruth One More Year In Fast Company

## WOULD LIKE TO BECOME MANAGER

By DAVID J. WALSH  
International News Service Sports Editor

NEW YORK, Dec. 22.—(AP)—Quip in the line of attending to my own business, which is winning other people's money, I might as well go into the record book as later, that Babe Ruth will be given one more year with the Yankees and then, if sufficiently satisfied by the record, will be given a club in the major leagues.

Just where, nobody now knows or even suspects. But whatever it is, Ruth will have to agree that he was ever in a position to say whether he would consent to accept more money than the president of the United States—or any other man.

Ruth is taking a vacation from baseball and particularly the New York club in relation to the man who was once foot-proof at the box office but who has still lefty-handedness about him, is fast becoming a heavy hitter in Detroit.

These notions, I understand, are mostly the result of the fact that American league managers have been so much interested in the fact that Ruth is taking a vacation from baseball and particularly the New York club in relation to the man who was once foot-proof at the box office but who has still lefty-handedness about him, is fast becoming a heavy hitter in Detroit.

# Controversy Not Adjusted

## Settlement Of Post Office Stone Controversy Ap- parently Delayed

By ARTHUR C. WIMER  
Special Washington Correspondent  
New Castle News

WASHINGTON, D. C., Dec. 22.—Final settlement of the New Castle post office controversy has apparently been postponed until after Christmas.

Congressman J. Howard Swick had expected to see the dispute satisfactorily arbitrated this week. After conferences with Treasury Department officials on Wednesday, however, he indicated in all probability this would not be possible. Treasury officials desire to submit certain phases of the tangle to further scrutiny before committing themselves.

Treasury leaders are irked by the entire New Castle situation and are about ready to yield to the inclination to take drastic action.

## STOCKS

Stock Market  
Mixed AffairWild Trading Scenes Occur  
In Commodity Mar-  
kets Today

(Continued from Page 1)

NEW YORK, Dec. 22.—The stock market was a mixed affair today with the gold, utility and liquor shares moving down substantially, while the silver and commodity shares held considerably above the previous closings.

The initial impulse given the market by President Roosevelt's silver program brought a sharp bulge which carried virtually every group higher with gains running to 10 points. Profit taking, though, appeared within the first hour of trading and fully half of the early gains were lost.

Utility shares were the first to display signs of acute weakness with Consolidated Gas losing nearly a point to touch a new low for the year. This unsettled the rest of the group including American Telephone which surrendered its early gain and sank nearly 3 points under yesterday's close.

The commodity markets were the scene of wild trading. Wheat ran up from 3 to 5 cents a bushel and then was hit by profit taking which pared the gain down. The cotton market was similarly affected, having its initial \$1 a bale gain pared to about 50 cents. The silver market enjoyed one of its busiest days, opening 250 points higher and then losing about half this.

The leading issues today were United States Smelting, Federal Smelting, American Smelting, and Cerro de Pasco. Gains of 10 points at the start were cut in half by noon.

Prime industrial shares including United States Steel, American Can, and Bethlehem were in fair demand and generally held well in the face of the profit taking. Motor shares also were well supported.

The gold mining shares showed signs of liquidation as Alaska Juneau, Dome and Homestake sold down moderately. In the liquor shares National Distillers touched a new low.

Following the games the hostesses served delicious refreshments, assisted by her daughter, Carolyn. Colors in keeping with the Christmas atmosphere were carried out in the appointments.

**DAUGHTERY FUNERAL**  
Funeral services were held Tuesday afternoon at 2:30 for Judith Fae Daugherty, six-month-old granddaughter of Mr. and Mrs. Oliver Daugherty, Koppel-Wampum road, who died on Tuesday following a week's illness of pneumonia. Interment was made in Clinton cemetery.

**KOPPEL NOTES**  
Mrs. Dan Young of Koppel will reside at the home of her son, Claude Young, of Knox Plan, whose wife is seriously ill at the Ellwood City Hospital. She will remain there during her illness.

Mr. and Mrs. Cameron S. Rybolt, Fourth avenue, are in New Brighton where they attended the funeral of the latter's sister, Miss Eleanor Powell, aged 26, who died on Tuesday evening.

Mr. and Mrs. Richard Flemming, Rochester, were in Koppel on Wednesday evening, where they were the guests at the home of Mr. and Mrs. William Hall, Third avenue.

A special Christmas play will be presented this evening in the Koppel M. E. church by the primary division of the Sunday school. Mrs. William Blythe is in charge and an interesting program has been arranged.

Miss Carolyn Anderson, Second avenue, entertained a number of her friends at a five hundred party at her home on Wednesday evening. Two tables were in play throughout the evening with Miss Amelia Pettit winning the high score award.

Fred Campaign, who received word on Wednesday that his mother, a resident of the state of California, had died following a week's illness.

George Phillip, a student at Northwestern university, Evanston, Ill., is expected to return home today to spend the Christmas holidays with his parents, Mr. and Mrs. Oscar Phillip, Second avenue.

Misses Esther Shaner and Norma Marshall, students at Slippery Rock State Teachers college, are expected to arrive home today to spend the holidays.

Ellwood To Meet  
Zelenople HereFast Game Anticipated To-  
night; Saegar Men Are  
Undeclared To DateGAME STARTS AT 8  
IN LINCOLN GYM

ELLWOOD CITY, Dec. 22.—A determined and vindictive Ellwood City High quintet is all set for the invasion of Coach Tommy Saegar and his Zelenople High passers of Section 18, at Lincoln gym this evening. The game is scheduled to get under way at 8 o'clock.

The Ellwoodians ever since their surprising defeat at the hands of Bessener last Tuesday have been working frantically and are out to vindicate themselves to their coach and followers. The locals have been drilled incessantly on making easy shots for the past two days. This was the cause of their defeat at the hands of Bessener and also Monaca a little earlier in the season. Although it has been rumored that Coach Benedict will make some radical changes in his line-up for tonight, it is more than likely he will start his original selections.

All in all promises of a real inter-sectional battle are more than bright. Zelenople comes here tonight undefeated in three pre-league starts. They boast two victories over Sewickley and one over Leetsdale. Coach Tommy Saegar has built quite a formidable combination around three veterans, Sankey, Yockey, and Richardson. Simmons and McMichael fill the vacancies. Last year Zelenople won the title in their section and played in the Pitt eliminations. They also have a little matter of revenge to settle with the Ellwoodians. They feel that tonight they will square matters over their pair of defeats suffered at the hands of the Benedictmen last year.

The preliminary game in which the Ellwood Reserves will play will begin at 7 o'clock. Their opponent has not been announced as yet.

The probable line-ups for tonight are as follows:

Ellwood City	Zelenople
Robuck	F. Richardson
McFadden	F. Simmons
Tammaro	C. Sankey
Bunny	G. Yockey
Vandrello	G. McMichael

The Musketeers are scheduled to meet the Alders Comets of Duquesne on January 2. Manager Fitzgerald is arranging a real competitive schedule. Any first class teams in this district wanting games can get in touch with him by calling or writing his home at Ellwood City.

## Money For Use In Sanitation Work Available

County Has Access To Funds  
For Improving Sanitary  
Conditions, Harper  
States

STATE TO FURNISH  
ALL LABOR FREE

Funds for improving sanitary conditions in Lawrence county in unsewered areas is available, Dr. H. C. Harper, county medical director, has just been informed by H. F. Bronson, assistant director in charge of Field Work Community Sanitation of the CWA.

In the communication which was received by Dr. Harper, it is stated that a considerable sum of money has been allocated to the state by the federal government to the United States Public Health Service.

One of the principal uses to which it can be devoted is the construction of sanitary toilets on privately owned property. The owner is required to pay for the materials, but the labor and supervision is furnished free by the state.

This work is expected to furnish employment to 1,200 men, immediately, and Lawrence county residents can assist in the movement by notifying County Health Director Dr. H. C. Harper of any projects which they would like to see carried out under the provisions of this measure.

While the construction of sanitary toilets is the main object of the provision, money is also available for abating nuisances of an unsanitary nature, including garbage dumps, stagnant pools which are breeders of mosquitoes, and the like.

County fair associations, roadside stands, tourist camps, summer resorts and camps, may take advantage of this opportunity.

Requests received by Dr. Harper will be investigated by County Health Officer George Montgomery at once, as it is desired to have the work accomplished as speedily as possible.

"Brass Tacks" On The Sunday School Lesson

## The Golden Text

Is. 11:9—"The earth shall be full of the knowledge of the Lord, as the waters cover the sea."

The International Uniform Lesson on the above topic for December 24 is Isaiah 11:1-9, the Golden Text being Is. 11:9, "The earth shall be full of the knowledge of the Lord, as the waters cover the sea."

By DR. ALVIN E. BELL

MORE THAN 700 years before the birth of our Lord the great evangelical prophet, Isaiah, set down in classic prose and poetry the clearest foreshadowing of Christ and his kingdom of rest and peace to be found anywhere in the Old Testament.

In harmony with his previous description of the two-fold nature of this human-divine Saviour as "a child born unto us" as well as a "Son given" to us (Isaiah 9:6), he continues by showing how he is both "the Branch out of the roots of Jesse," that is, descended from Jesse (Isaiah 11:1) and at the same time "the root of Jesse" (Isaiah 11:10), or David's son and David's Lord. He is perfect in his humanity as the Son of man and equally perfect in his deity as the Son of God, and thus can contact both man in his sin and God in his holiness. "There shall come forth a shoot out of the stock of Jesse, and a branch out of his roots shall bear fruit" (Isaiah 11:1). "And it shall come to pass in that day, that the foot of Jesse, which standeth for an ensign of the peoples unto him shall the nations seek; and his resting place shall be glorious." The Child whose birthday we celebrate is no ordinary child, but "his name shall be called Wonderful Counsellor, Mighty God, Everlasting Father, Prince of Peace." In this fourfold name we have the world's hope of wisdom, power, life and peace.

A "New Deal" For The Poor

The secret of this divine-human Saviour's resources lies in his anointing with the Spirit of God: "The Spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord." As a result of this divine endowment his judgments will not grow out of our faulty human sense perceptions, for "he shall not judge after the sight of his eyes, neither reprove after the hearing of his ears." On the contrary, "with righteousness shall he judge the poor, and reprove with equity for the meek of the earth." This will indeed mean a "new deal" for the poor and the meek, for they will at last come into their own and "inherit the earth."

Messiah's Era Of Peace

The ultimate good of the Saviour in his messianic kingdom to be established in the earth upon his return in glory as Prince of Peace.

## Burns Healed Without Leaving A Scar

San Cura Ointment Should Be  
In Every Home

There never was known a more reliable ointment than San Cura. In many cases where it has been used it has caused astonishment.

"My sister was burned last winter when putting coal oil on a deadened fire and the flames burst out into her face. We used nothing but San Cura and didn't even have a physician and in almost an incredibly short time her face was perfectly healed without a scar. It is the finest thing for burns that I have ever seen. Have also used it for other things. Just lately an infected toe and shortly it was healed." Hattie S. Pitts, 18 Iowa Circle, Washington, D. C. Try San Cura for Bruises, Cuts, Frost Bites, Stings of insects, Sunburn, Piles and Eczema. It relieves the pain and is antiseptic and healing. It's a medicine chest in itself—a little family physician that is ever in demand. 35c, 60c and \$1.25 a jar at drug stores.
